Keynote speaker – David Einhorn, Greenlight Capital

Milwaukee native David Einhorn returns to the stage for his second appearance at this increasingly popular event. As founder and president of Greenlight Capital, a long/short value-oriented hedge fund, he led the fund to an average return of just under 20 percent since its inception in 1996.

David made headlines by betting on a decline in Lehman Brothers shares before its 2008 collapse, and more recently for pushing Apple to return cash to shareholders. He is also the author of the *New York Times* bestseller 'Fooling Some of the People All of the Time.' Called "one of the most successful long/short equity hedge fund managers of the past decade," his unparalleled research and bold calls have earned him extensive media coverage and respect both in and out of the investment community.

When David Einhorn speaks, markets listen.
